REPORT OF SCHOOL BOARD

Our schools, as a whole, have been successful, and the work done satisfactory. This is due, not alone to the faithful work of the teachers and careful oversight of the school board, but in a measure to the hearty co-operation of the parents.

The enrollment is some larger than in 1914. The average per cent of attendance is 95.43, (3 per cent higher than the year before).

At present there are fifteen attending High School. This number is less than we estimated last year, due to one or two dropping out of school, three moving to another town, and others deciding to remain in the town schools another year. It looks, at this time, as if the number will be about the same next year.

One hundred and four visits were made by the school board, and 386 by others.

We have received \$495.44 from the state, an increase of \$100 over the year before. This money comes from four sources. The Literary Fund (\$74.10) is determined by the number of pupils enrolled. The State Aid for average attendance (\$150.00) depends on the regularity of attendance of the children as a whole. The High School rebate of \$137.34 is estimated on the number of pupils attending High School, and \$134.00 was received on qualified teachers (that is, teachers holding a state certificate). For each teacher holding a state certificate the school district draws two dollars from the state for each week such a teacher is employed in the town. It has been our custom to pay each qualified teacher one dollar more per week than we would the same teacher not holding a state certificate. The other dollar goes into the school treasury.

To hold a state certificate a teacher must be a graduate from a Normal School or pass the state examination, or the

certificate may be granted for long service and ability as a teacher. In 1915 we employed for the whole or a part of the time the following qualified teachers: Miss Eva Perkins, Miss Grace Russell, Miss Eleanor Morrill, Miss Florence Jackman, and Miss Ethel Bailey.

We have run seven schools the past year, and feel we were very fortunate in securing the services of so many experienced teachers.

We submit this estimate for the ensuing year:

High School tuitions,	\$650 00
Books and supplies,	90 00
Other purposes,	1,460 00

We thank the citizens of Danbury for their interest and hearty support. Respectfully submitted,

EMMA M. MARTIN,

ANNE G. ROBY,

EMMA A. KNAPP,

School Board of Danbury
